

Foxx Pinkerton

WEB DEVELOPER & PROGRAMMER

WHY ME?

I am a skilled backend web developer with 2 years of experience in creating and maintaining complex web applications. With a deep understanding of server-side programming languages and database management systems, I am passionate about building efficient and scalable web solutions. My portfolio showcases a range of projects that I have worked on, highlighting my expertise in developing custom APIs, integrating third-party services, and optimizing application performance.

WORK EXPERIENCE

2022 - PRESENT

BACKEND DEVELOPER at CAN US CANDYSHOP 📍 Winnipeg, MB

As the lead backend developer for CAN US CANDY SHOP, I migrated the payment processor from Square to Stripe, improving payment processing capabilities and providing a seamless checkout experience.

2022 - 2023

COMPUTER SCIENCE CLASS at Sturgeon Heights 📍 Winnipeg, MB

In my education, I mastered OOP fundamentals and excelled in group work, emphasizing effective communication. I possess a deep understanding of encapsulation, inheritance, and polymorphism. Collaborating in teams, I actively contribute ideas, resolve conflicts, and foster a positive work environment.

2021 - 2022

GRADE WARS TRACKER for Sturgeon Heights 📍 Winnipeg, MB

Developing a website for intra-class competition point tracking allowed me to strengthen my skills in PHP, HTML, CSS, and MySQL. I also gained valuable experience in UI design and typography, creating visually appealing interfaces for optimal user experience.

2020 - 2021

CAMERA TRACKER for Sturgeon Heights 📍 Winnipeg, MB

In my first PHP project, I developed an inventory tracker using PHP, HTML, CSS, and MySQL. It effectively monitored school equipment usage and assignment. This experience significantly expanded my PHP skills and knowledge in database management, data tracking, and web application development.
